

Helping Hands Newsletter

Christmas 2025 and New Year 2026

News from in and around the centre over the last few months.

Our sponsored children singing
'We wish you a Merry Christmas!'
at the Helping hands Christmas party.
Around 200 children from the Kasokoso
community attended the gathering.

They enjoyed a mid morning
snack of bread, milk and a
boiled egg and a late
afternoon meal of rice, meat
and vegetables.

Thanks to kind and generous donations, Majeri's house has now been rebuilt.

The sponsored children returned to school in February for the start of their school year. Whilst they were all excited and happy to be going back to continue their education, their friends who don't have a sponsor look on enviously. They all wish they could go to school!
